However, the guests of the hotels on the Alpe di Siusi receive a driving permission for their cars in the tourist information office. The office is situated at the roundabout (approximately 2,5 km above Siusi). The driving permission entitles to arrival and departure at any time. Should the information office be closed at the arrival, continue driving despite the signs. The driving permission will then immediately be issued at your arrival in the hotel. During your journey you can only drive your car until 10 a.m. and after 5 p.m. During this period of time you can use the well working public bus service.
